PRESENTING CLINICAL SIGNS

Vomiting once today 2 hrs. after eating undigested food. Diarrhea started this morning, 4 times, with a watery yellow color. The patient has access to garbage. Sneezing sometimes.

Abnormal PE/Chem/CBC/UA Results: Blood work CBC/CHEM, Tt4 and Fpli within the normal levels.

ULTRASONOGRAPHIC EXAMINATION OF THE ABDOMEN

Urinary System

The bladder is moderately distended with anechoic urine. No uroliths are seen. The bladder wall is normal in appearance and thickness. No masses are seen. Papillae not seen.

The right kidney presents normal size (3.4 cm) with normal shape and architecture. Normal corticomedullary distinction. No pyelectasia, ureteral dilation or nephrolithiasis.

The left kidney presents normal size (3.3 cm) with normal shape and architecture. Normal corticomedullary distinction. No pyelectasia, ureteral dilation or nephrolithiasis.

Adrenal Glands

The adrenal glands were not seen on this exam.

Spleen

The spleen is normal in size, shape, margination and echogenicity. No masses are seen.

Liver

The liver presents normal size and shape with smooth lobar margins. The parenchyma has normal echogenicity with normal echotexture. No focal lesions are seen. Intrahepatic bile ducts are normal. Normal vascular pattern.

The gallbladder presents normal size with anechoic contents. Normal gallbladder wall. No evidence of bile duct distention or obstruction.

Gastrointestinal

The stomach contains a mild to moderate amount of ingesta. No pyloric outflow tract obstruction seen. The gastric wall is normal in thickness and layering, measuring 1.5 mm in width. The jejunum is diffusely moderately filled with ingesta. Jejunal wall appears normal in layering and thickness. Colon contains normal contents with normal wall thickness. No mechanical obstruction seen.

Pancreas

The right limb of the pancreas is diffusely hypoechoic. It is normal in size at 5.6 mm in width. No surrounding steatitis.

Free Abdomen

There are no enlarged abdominal lymph nodes seen on this exam. No free abdominal fluid is seen.
