

PATIENT	PRESENTING CLINICAL SIGNS
Moose Warden	~12hrs of lethargy and sternal recumbency. Was reportedly fine last night, and couldn't/wouldn't stand this morning. No signs of splenic or liver neoplasia on ultrasound, or abdominal fluid. Some neurological signs; including tremoring
SPECIES	COMPUTED TOMOGRAPHIC STUDY OF THE HEAD
Canine	Pre/post contrast studies provided for review.
BREED	COMPUTED TOMOGRAPHIC FINDINGS
Gold Retriever	Head: The neurocranium shows normal findings. The interhemispheric gap is in the midline with no evidence of a mass effect.
SEX	Bony structures of skull and the skull foramina of the cranial nerves are laterally symmetrical and inconspicuous.
MN	Both tympanic bullae are completely ventilated with a regular tympanic bulla wall.
AGE	External ear canals are ventilated in all sections, walls of the external ear canals present bilateral metaplastic calcifications. The adjacent temporomandibular joints and the nasopharyngeal meatus have no particular findings.
13 Years	Frontal sinuses and the orbital contents are laterally symmetrical without evidence of a retrobulbar lesion. Nasal cavities are ventilated regularly.
INTERPRETED BY	Post contrast images show no pathological enhancement. Soft tissues of the head and neck are symmetrical and of homogeneous density, especially the medial retropharyngeal lymph nodes.
Sebastian Jawinski, German Board Certified Vet Specialist in Diagnostic Imaging	Chest/abdomen: The displayed parts of the abdomen show mild and unspecific splenomegaly.
HOSPITAL NAME	COMPUTED TOMOGRAPHIC DIAGNOSIS
Bluegrass Veterinary Specialists	<ul style="list-style-type: none">• Normal CT findings of the head
REFERRING VET	INTERPRETATION OF THE FINDINGS & FURTHER RECOMMENDATIONS
Roan	CT findings show no overt signs of a neoplastic or an inflammatory process.
INVOICE	Intra-axial lesions such as infarcts, small edema or low-grade neoplasia are difficult to recognize in CT and therefore not ruled out completely.
47346	Splenomegaly is very unspecific and is commonly triggered by anesthesia.
