

## PATIENT

Gucci Muhammed

## SPECIES

Feline

## BREED

DSH

## SEX

Female

## AGE

16 Years 2 Months

## WEIGHT

2.9 kg

## INTERPRETED BY

Sebastian Schaub, DVM  
Dr. med. vet. DipECVDI

## IMAGING PERFORMED BY

Dr. Maria Georvasili

## HOSPITAL NAME

Animal Trust Bolton

## REFERRING VET

Dr. Maria Georvasili

## INVOICE

35679

## DATE

11/28/25

## PRESENTING CLINICAL SIGNS

History: Sneezing getting worse over past 2wks has CKD also had a thyroidectomy in past.

## COMPUTED TOMOGRAPHIC STUDY OF THE ABDOMEN

A high resolution pre- and post-contrast CT study of the abdomen is provided for review.

## COMPUTED TOMOGRAPHIC FINDINGS

Generalized motion artefacts are appreciated throughout the abdomen.

The serosal fat presents normal attenuation behavior. There is no evidence of peritoneal effusion or peritonitis.

Both kidneys present within normal limits for size, shape and organ architecture. After contrast administration a bilaterally symmetric and uniform nephro- and pyelogram is noted.

The adrenal glands are within normal limits for size, shape and organ architecture.

Both liver and spleen present with normal shape, even surface, uniformly attenuating parenchyma and homogeneous contrast enhancement, unremarkable.

The position, delineation, wall and content of the gastrointestinal tract are considered within normal limits throughout.

The bony and surrounding soft tissue structures reveal no abnormalities.

## COMPUTED TOMOGRAPHIC DIAGNOSIS

- Normal abdomen

## INTERPRETATION OF THE FINDINGS & FURTHER RECOMMENDATIONS

The CT study reveals no overt abnormalities of the abdominal structures, but the diagnostic yield is decreased by the mild motion artefacts.

**The information and recommendations provided are based on the images presented by the referring veterinarian/sonographer. No evaluation can be communicated regarding pathology that was not visible in the image/video clips provided.**

Thank you for this referral. If the clinical or image interpretation does not parallel your findings or if I can be of any further assistance please contact me.
