RADIOGRAPHIC STUDY OF THE THORAX

Radiographs of the thorax in three imaging planes are provided for review.

SEX

Male Neuter

RADIOGRAPHIC FINDINGS

The body condition score is 8/9.

The surrounding bony structures are within normal limits.

AGE

14 Years

The extrathoracic soft tissues present homogeneous without abnormalities.

The heart is of normal size and shape, there is no evidence of cardiac chamber or vascular enlargement. The pulmonary vasculature is within normal limits.

INTERPRETED BY

Sebastian Schaub, DVM
Dr. med. vet. DipECVDI

The cranial mediastinum presents the expected soft tissue opacity. The mediastinal width is less than twice the width of the vertebral column at the same level.

HOSPITAL NAME

Paseos Veterinary
Center

The trachea is normal in diameter and presents the anticipated course. The luminal outline of the trachea is smooth.

Mild increased visibility of the bronchial walls is present.

REFERRING VET

Dra. Walker

The lung parenchyma presents the expected architecture and generalized increased opacity due to the nutritional status; the intrapulmonary vascular branching is seen up to the third order lung vessels.

The diaphragm is well delineated with even surface and the expected mild cranial bulging of the diaphragmatic cupola.

RADIOGRAPHIC DIAGNOSIS

- Obesity

INTERPRETATION OF THE FINDINGS & FURTHER RECOMMENDATIONS

DATE

12-6-21

The radiographic study of the thorax presents no abnormalities. However, negative radiographs do not rule out potential inflammatory lower airway disease completely - e.g. allergic, eosinophilic, neutrophilic inflammation. Bronchoscopy including BAL can be used as an advanced diagnostic test.

PATIENT

Jack-o Fernandez

The information and recommendations provided are based on the images presented by the referring veterinarian. No evaluation can be communicated regarding pathology that was not visible in the image/video clips provided.

SPECIES

Canine

Thank you for this referral. If the clinical or image interpretation does not parallel your findings or if I can be of any further assistance please contact me.
