

PRESENTING CLINICAL SIGNS

PATIENT

Pixie Chick

History: History of elevated liver enzymes, for years. Has seen multiple veterinarians and hospitals. Was seen at Blue Pearl. No liver biopsy performed. FNA of the liver showed suspected hepatic lipidosis, but this was a long time ago. Started prednisolone on July 30, but started to wean off on August 19th, since liver enzymes were even more elevated.

Abnormal PE/Chem/CBC/UA Results: Labs attached, along with xray report

COMPUTED TOMOGRAPHIC STUDY OF THE ABDOMEN

BREED

DSH

A high resolution pre- and post-contrast CT study of the abdomen is provided for review.

COMPUTED TOMOGRAPHIC FINDINGS

SEX

Spayed Female

The serosal fat presents normal attenuation behavior. There is no evidence of peritoneal effusion or peritonitis.

Both kidneys present within normal limits for size, shape and organ architecture. After contrast administration a bilaterally symmetric and uniform nephro- and pyelogram is noted.

AGE

13 Years

The adrenal glands are within normal limits for size, shape and organ architecture.

Both liver and spleen present with normal shape, even surface, uniformly attenuating parenchyma and homogeneous contrast enhancement, unremarkable.

INTERPRETED BY

Sebastian Schaub,
DVM Dr. med. vet.
DipECVDI

The pancreas is evenly contoured, the pancreatic parenchyma is homogeneous and presents uniform contrast enhancement.

The position, delineation, wall and content of the gastrointestinal tract are considered within normal limits throughout.

The bony and surrounding soft tissue structures reveal no abnormalities.

INTERPRETATION OF THE FINDINGS & FURTHER RECOMMENDATIONS

The CT study of the abdomen presents no macromorphological abnormalities explaining the history of elevated liver enzymes. Consider FNA sampling or hepatic biopsy for further workup.

INVOICE

13067

The information and recommendations provided are based on the images presented by the referring veterinarian. No evaluation can be communicated regarding pathology that was not visible in the image/video clips provided.
